**General disclaimers.** The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO or UNICEF concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO or UNICEF in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

The figures included in this report have been estimated by the WHO/UNICEF Joint Monitoring Programme for Water Supply, Sanitation and Hygiene (<<https://www.washdata.org>>) to ensure compatibility; thus, they are not necessarily the official statistics of the concerned country, area or territory, which may use alternative methods.

All reasonable precautions have been taken by WHO and UNICEF to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO or UNICEF be liable for damages arising from its use.

Design, layout and production by Elwa Design Ltd.

Printed in Switzerland.

### Acknowledgements

This report was developed and produced by the WHO/UNICEF Joint Monitoring Programme team: Jorge Bica (UNICEF), Christie Chatterley (independent consultant), Ayça Dönmez (UNICEF), Rick Johnston (WHO), Francesco Mitis (WHO) and Tom Slaymaker (UNICEF). WHO was the lead publication agency for this report. Strategic direction was provided by Bruce Gordon (WHO), João Pedro Azevedo (UNICEF) and Cecilia Scharp (UNICEF). Thanks to Marije Broekhuijsen (UNICEF), Bethany Caruso (Emory University), Julie Hennegan (University of Queensland), Thérèse Mahon (WaterAid), Penelope Phillips-Howard (Liverpool School of Tropical Medicine), Marni Sommer (Columbia University), and Belen Torondel-Lopez (London School of Hygiene and Tropical Medicine) for reviewing the report section focusing on menstrual health. Thanks to Jan Burdziej (UNICEF) and Daniele Olivotti (UNICEF) for preparation of subnational maps. The report was edited by Richard Steele.

This report would not have been possible without the contributions of UNICEF and WHO staff in regional and country offices who identified new sources of data and facilitated country consultations with national stakeholders on draft estimates from November 2024 through February 2025.

UNICEF and WHO gratefully acknowledge the financial support provided by the Department for Foreign Aid and Trade (Australia), the Austrian Development Agency (Austria), the Gates Foundation, the Agence Française de Développement (France), the Federal Ministry for Economic Cooperation and Development (Germany), the Directorate-General for International Cooperation (Kingdom of the Netherlands), the Swiss Agency for Development and Cooperation (Switzerland), the Foreign, Commonwealth & Development Office (United Kingdom), and the United States Agency for International Development (United States of America).
